

1st Period PSA Planner Checkpoints:

You are expected to complete the "Prove it! PSA Planner" for your Outside Reading during specific times. This way, you will be held accountable for managing your time. You will have to complete 5 "rounds" of the planner in 5 different checkpoints. If you complete a round before the designated checkpoint date, you may have it checked ahead of time. I will check off and initial the box when you have completed it.

Checkpoint #1: October 19th (Monday) Round #1, Point of View (RL.8.6), will be checked on Monday, October 19th. Be ready to have it checked at the beginning of class.
Checkpoint #2: October 23rd (Friday) Round #2, Character's main "life events" (Evidence) (RL.8.1), will be checked on Friday, October 23rd. Be ready to have it checked at the beginning of class.
Checkpoint #3: October 28th (Wednesday) Round #3, Thematic ideas, statements, and slogans (RL.8.2), will be checked on Wednesday, October 28th. Be ready to have it checked at the beginning of class.
Checkpoint #4: November 2nd (Monday) Round #4, Narrative (W.8.3), will be checked on Monday, November 2nd. Be ready to have it checked at the beginning of class.
Checkpoint #5: November 6th (Friday) Round #5, Powerful impact (SL.8.2), will be checked on Friday, November 6th. Be ready to have it checked at the beginning of class.
November 9th-12th: You will have work time this week to create your personal PSA. If you finish with your PSA Planner before these dates, you may use your work days to create your PSA. On these days, if you need extra time during seminar, I will write you passess to the library lab or computer lab. You must come see me about this.
November 13th: You will send me your completed PSA through email (jhumphrey@bentonvillek12.org or missjhumphrey@gmail.com) or on a flashdrive. Make sure to spell my name correctly and make sure that your videos are in MPEG-4 or MP4 formats! You will not have time in class to finish your PSA. The PSA must be completed BEFORE you come to class this day! No exceptions!
