

Vocab Challenge

Objective

To better understand Greek/Latin roots, prefixes, and suffixes so that ...

... you can determine the meaning of new and unknown words.

No matter what, the more you expand your vocabulary, the better you'll be able to understand the things you read and the people you communicate with. This is a **LIFE SKILL!**

Student Choice

You and your Vocabulary group need to choose **one** Greek/Latin:

- a. root
- b. prefix
- c. suffix

Academic Vocabulary

Your group will also be **assigned** ONE “tone word.”

What do I choose from?

Use the “Word Parts” list to choose your root, prefix, or suffix. Use the “Tone Words” list to find your assigned word. You can find the list on the weebly.

Find “Student Center” and click on Vocab Challenge

Your Challenge

For each vocabulary word part, you must address the following components **in one video** (use Windows Movie Maker Live):

- 1) Identify the word part
- 2) Provide a brief meaning of the word part
- 3) Provide word examples that use that word part
- 4) Act out a scenario or provide a moving picture of some kind (cartoon, animation, etc.) that will help others remember.

Finished ... now what?

Email the movie file to Miss Humphrey at:

Subject: Vocab Challenge

Body of Email: Provide vocabulary words and group member names

Don't Forget!

You need to watch the videos and use them to STUDY!

You will take a quick assessment which requires that you identify what the word parts mean (as well as figuring out the meaning of new words that use these parts)!
